MUSICAL FESTIVAL BIGGEST SUCCESS IN ITS HISTORY

"Bigger and better than ever," was the slogan which President L. L. Morgan, of the Crows' Nest Musical Festival, used to describe the various performances at the final session of this year's event, which took place in the opera house on Wednesday evening. There must have been an attendance of over 800 in the audience when Mr. Morgan made this remark, for every seat in the auditorium was filled and about a hundred people were standing. Throughout the entire three days of the festival, the attendance of the public has established a record, and the morning and afternoon performances have also been generously patronized.

This year's auditors were Ernest F. Layton, of Lethbridge, president of the Alberta Musical Festival Association, whose work was chiefly confined to violin numbers; P. L. Newcombe, of Calgary, vice-president of the A.M.F.A., who judged the piano and vocal work, and Mrs. Ethel Reese Burns, of Edmonton, who adjudicated on the elocution. Each of them had many helpful remarks to make, and where criticism was needed, did not hesitate to express their opinions, but in such a manner that the contestants were bound to profit by the remarks made without having their feelings hurt. Few of those in the audience on Monday night will forget the short lecture on elocution delivered by Mrs. Reese Burns, which was one of the best things during the festival.

The three chairmen, Rev. Father Donovan, of Bellevue; Mayor R. O. Allison, of Pincher Creek, and Lance L. Morgan, of Blairmore, acquitted themselves capably in the performance of their duties. A word of praise is due to the secretary, Frank J. Smith, of Hillcrest, and to Mrs. D. G. Mackenzie, of Blairmore, for the admirable organization by which the events were handled. At no time was there the slightest hitch or confusion. Furthermore, the numerous children in the audiences must be congratulated on their excellent behavior during the programmes; when it is stated that on Wednesday evening the audience was present in the opera house from 6.45 to 11.45, the reason for these congratulations will be understood at once.

The Rev. W. T. Young, founder of the Festival and honorary president of the organization, wired on Wednesday evening as follows: "Congratulations on festival success. We have been with you in thought these three days." The reading of this wire by L. L. Morgan was greeted with loud applause.

Perhaps the outstanding features were Blairmore's success in vocal work and Pincher Creek's success in piano, but all the towns shared in the prize distribution.

Special prizes not mentioned in the summary below were awarded as follows: Cowley Women's Institute Cup, donated by the Women's Institute of Cowley to the contestant winning the highest marks in any grade; to Beatrice Trono, Blairmore, with 191 marks in piano, grade 3; Moser Cup, donated by W. H. Moser, for the highest marks obtained in piano, to Beatrice Trono, Blairmore; Upton Cup, donated by J. E. Upton for the highest marks obtained in vocal, to Mrs. Gordon Steeves, Blairmore; 85 in gold, donated by Macleod Elks' Lodge No. 129, B.P.O.E., for highest marks in elocution, shared between Daisy Jackson, Macleod, and Agnes Truba, Hillcrest; Macleod Elks' Cup, donated by Macleod Lodge No. 129, B.P.O.E., for highest marks in violin, to Verdun Leigh, Cowley, and Hillcrest Cup, donated by Mrs. Frank J. Smith for highest marks obtained by any Hillcrest entrant, to Agnes Truba, elocution, grade 1.

The summary of the winners in the

CHAPTER XXI—Continued

This appealed to Danny Corbett went over to the couch and carefully inspected the young thing that was likely to make inroads in his hard earned income. He put his chapped and dirty little hand very lightly on the glassy, smooth head, and felt its tiny heat. He gently touched the velvet cheek and found it soft as a rose-leaf to his fingers. He put his hand in his pocket and drew out thirty cents in change and looked hard at it. He may have been thinking of cold winds and aching legs—he knew something of them. But his answer was, "Sure Mike! I'll do it. Are you pretty sure her mother will die, Ma?" Danny's tone was eager.

"We ain't wishin' nothin' no harm, Ma," Rosie quickly interposed, seeing the rebuke that was coming to her business partner. "We ain't wishin' nobody no harm." Rosie was very anxious not to prejudice the case. "But we know there is always a danger—you know yourself, Ma, that none of us knows one day from another—we're here today and away tomorrow, as I have often heard you say—and Danny and me are just talkin' it over. In case somethin' should happen—that's all."

The warm heart of Maggie Corbett was tender to her offspring at that moment. "Look at that, John, would you? Good little things, after all, and yet it was only this mornin' they were fightin' like drunken shantymen. I often thought if they had had a baby in the house it might have softened them. Well, don't be settin' your hearts on this wee one, for her mother is not goin' to die. I don't think, though you never can tell about a woman when her man has gone back on her."

Outside the snow was still falling. The evergreen trees were bending with the weight of it, their branches hanging down like grey, white bears' paws. Christmas Eve surged back with all its infectious gladness as the crowds of belated shoppers increased. The electric fans in the win-

YOUNG WOMEN SUFFER MOST

These Two Found Relief by Taking Lydia E. Pinkham's Vegetable Compound

Ayer's Cliff, Quebec.—"I have been suffering for three years, and at the end of the third year I was in a wretched state of health. I was a full sick each month, too, having pain in my back and until sometimes I was obliged to stop working. A friend recommended Lydia E. Pinkham's Vegetable Compound to me and I heard many women telling how good it was so I thought it would help me. And it did. Now I take six bottles every year and recommend it to others." DONALD FAIRBANK, Ayer's Cliff, Quebec.

"Unable to Work"
Canning, Nova Scotia.—"I had irregular periods and great suffering at those times, the pains causing vomiting and fainting. I was teaching school and often for some hours I would be unable to attend to my work. Through an advertisement in the paper I knew of Lydia E. Pinkham's Vegetable Compound, and it has been of great benefit to me, the troubles being completely relieved." LAURA J. EATON, Canning, King's County, Nova Scotia.

W. N. N. 1728

downs were hard pressed to keep back the shooting frost fern, which threatened to hide the season's offerings. Handsome cutters, with beautiful robes thrown over the backs of the seats, stopped at the curb to let out hurrying shoppers; delivery boys on foot, on wheels, in wagons, loaded with parcels, hurried to the suburbs of the city, sometimes pausing to look in at uncurtained windows where happy families gathered around sparkling tables—flooded with the arrival of guests that they forgot to draw the blinds and so allowed some of their happiness to overflow into the street. Rosy shaded lamps threw patches of radiance on the gleaming snow. Christmas wreaths tied with satin streamers, gloved deep red against the windows. The pulse of the city was beating with laughter and sleighbells.

At the corner of Second Street and Jasper Avenue a congested street car stopped to let out a mob of little girls and boys on their way to the Christmas tree in the First Baptist Church. Certain of the little girls, with their curls protected from the falling snow by being tucked safely under their toques, were carrying mysterious pasteboard boxes containing ashes and haws and wings for the fairies. Others of them were darkly hooded and masked, their identity and sex entirely unguessed at by every other child in the dreadful witcher of shadowland? Accompanying them was a liberal sprinkling of parents, mostly mothers, with a few self-conscious fathers who had the appearance of having been dragged out. The mothers had on air of very conscious unconcern as if they did not know their little boys or girls were going to take a part that was bound to be the very best thing on the program.

The Salvation Army Chorus blazed with light and pulsed with activity for the big supper, where all were welcome, was going on, and the odors of turkey and sage and onions, drifting out into the street, compelled the reluctant ones to go in.

At midnight, when the bells were ringing, the snow suddenly stopped in that abrupt Alberta way. The city's lights were so many and so bright against the deep India blue of the sky, it was hard to tell them from the stars, but high overhead was the star, the North Star, beloved of all bewildered travellers. Now it twinkled and gleamed above all these scenes of good fellowship and merry-making with unmistakable approval. Into the uncurtained windows of the Corbett's big room it peered with a deeper interest and kinder understanding, for it could see that the Winnipeg couch was drawn out from the wall to make it into a full-sized bed, and in it there slept the unexpected young girl with Rose Corbett on one side of her and Daniel Corbett on the other—her two new friends, who had covenanted in her presence and in the presence of each other to furnish and maintain in the event of her mother's death, Rose and Daniel Corbett—the underwriters!

CHAPTER XXII

It was Christmas afternoon when Helmi awakened—Christmas afternoon, the very sound of which brings pictures of children playing with trains on living-room floors, satisfied with turkey and candy, starry-eyed with presents, numb with surprise and joy. Christmas afternoon! Of all the spicy, perfumed, sparkling golden afternoons of the year the most dazzling and glorious; not merely an afternoon or a day that can be marked on a calendar or divided into hours like other afternoons—not that at all Christmas afternoon is an atmosphere, a perfume, a sensation, a feeling, a spiritual experience.

It was Christmas afternoon when Helmi awakened. Number 18 in the North Star Rooming House did not suggest festivity, with its bare, but walls, dull grey paint, elm dresser, iron bed, bare floor, with one strip of Japanese matting worn in the middle down to the threads. But Helmi was not left entirely without some gleam of Christmas, for Rose and Danny who were going to the Salvation Army Cantata that night, went singing down the hall:

"Away in a manger, no crib for a bed,

There a little Lord Jesus lay down
His sweet head,
And it brought to Helmi's mind the Christmas story; and because her own heart was more tender than it had ever been, owing to the rise and fall of the little Lord Jesus, she loved the little Christ Child more than ever, and thought of Him and His pale mother as the noise of cattle all around them.

"The stars in the sky looked down where He lay,
The little Lord Jesus, asleep on the hay."

Rosie, just outside the door, was

singing as she did the lineolium in the hall with dutiless mope; Danny was working farther down the hall. Helmi was awakened from her dream by the entrance of a little man with a slender black bag in his hand. He came in without knocking, and stood at the bottom of the bed regarding her critically. Before he had arrived, having seen the Doctor's car at the front door.

Mrs. Russell, who lived in No. 18 and did the cleaning in the City Hall, and therefore knew something of the correct forms of procedure, had noticed the Department of the happening in No. 18. Dr. Symond came over at once. No one likes to be disturbed on Christmas afternoon, when the delicious sizzle of a turkey pulsates in the atmosphere of the house and one has just helped to put two leaves in the dining-room table. Dr. Symond was prepared to be quite stern. Indeed, as a representative of the city authorities how could he help being stern with these unregulated young women who leave their babies on the steps of the City Hall, so to speak. It was becoming entirely too common, and the Property Owners' Association at their last meeting were complaining about it; properly so, too, for they were the people who had to pay the bills. Everyone when in need rushed to the City—widows looking for help—unemployed—Associates—unfortunate girls—all come to the City.

Little Helps For This Week

"Be thou faithful unto death, and I will give thee a crown of life."—Rev. 11. 10.

Why should our spirits be oppressed
When days of darkness fall?
Our Father knoweth what is best,
And He hath made them all.
He made them, and to all their length
Sets parallel of gain,
We gather from our pain the strength
To rise above our pain.

God, who in mercy and wisdom governs the world, would never have suffered so many sadnesses, and have sent them especially to the most virtuous and wisest men, but that He intends they should be the seminary of comfort, the nurseries of virtue, the exercise of wisdom, the trial of patience, the venturing for a crown, and the crown of glory.—Jeremy Taylor.

Taking No Chances

Nurse—"Whom are you operating on today?"

Orderly—"A fellow who had a golf ball knocked down his throat at the links."

Nurse—"And who is the man waiting so nervously in the hall—a relative?"

Orderly—"No, that's the golfer—Scots gentleman. He's waiting for his ball."

"Is that all the work you can do in an hour?" asked Sam's new employer. "Well, boss," said Sam. "I sussay I could moah—but I nevah was one for showin' off."

Salesman For Face Cream
Learns a Good Lesson
Mr. Vandiver, New York, writes: "I was a salesman of creams for healing pimples, blemishes, etc., but when my face broke out with blotches, pimples and blackheads, I tried one ointment after another with no results. Finally I decided I would have to get at the cause of the trouble. I was amazed to find that within a few days after taking your vegetable laxative pills for constipation my skin took on a new healthy look."

Have Renamed Destroyers

Implied Compliment To Canada Since In Action Of Admiralty

An implied compliment to the Department of National Defense, Ottawa, to the action of the British Admiralty in perpetuating memories dear to the Dominion in the renaming of a destroyer of the Royal Navy.

When Canada decided to rename the destroyers Torbay and Toredor, the two vessels taken over by the Royal Canadian Navy, to Vancouver and Champlain, it was found that another destroyer of the British fleet already bore the name Vancouver. However, the Admiralty at once offered to rename the ship of the home fleet, to avoid any confusion, and to Canada to use this distinctive title.

Advices received at Ottawa headquarters are to the effect that, effective April 1, the former British destroyer Vancouver will be the Vimy.

THE NEW GERMANY

Enthusiasm For Military Training Gives Place To Interest

In Outdoor Sports

Not the least significant of the characteristics of the new Germany, as contrasted with the old, is its growing interest in outdoor sports.

The youth of Imperial Germany were conspicuous for their enthusiasm for military training. The youth of republican Germany, particularly those in school, are worrying their parents because they seem as much or more interested in sports and games as they are in their lessons.

This turn of interest is not confined to the extremely young. A great many Germans are philosophizing on whether it is a healthy sign in the national life that 50,000 people should go to a football match, as it is now quite common for them to do. The alleged extravagance of German municipalities have been partly directed toward developing public playgrounds, and swimming pools, and baths. Self-respecting German communities are getting the idea that one of the obligations of modern municipal authorities is to provide healthy opportunities for recreation for their citizens. There is a tendency to devote large tracts, 100 acres or more, sometimes on a scale which would do credit to Imperial Rome, to a series of athletic fields, racetracks for runners, and motor bicycles, a succession of pools and swimming baths—occasionally nearly a hundred yards long—tennis courts, a sylvan open-air theatre and a large gymnasium, plus a restaurant where all kinds of refreshments are served.

Wedding Bills In Japan

Marriage in first-class style in any of the larger shing shins in Tokio, Japan, costs the equivalent of \$35 gold. The ceremony includes the attendance of high priests, a clerical orchestra with flutes, cymbals and pipes, and all possible trimmings. Second-class weddings cost \$25 and no on down to weddings classed as "pine," "bamboo," and "plum," the plum style necessitating a shrine fee of \$7.50.

Jones (as he trends on tack)—"I wish you wouldn't be so careless in throwing tacks about, Mary."

Mrs. Jones (placidly)—"Henry, you are getting madder every day. I can buy a whole package of tacks for a nickel."

THE BABY TEETH

How many should there be? "Ten little fingers and ten little toes"—making twenty in all—and there you have their number. Easy to remember, isn't it?

And when should you begin to look for them? About the sixth or seventh month.

And which comes first? As a rule, the lower front teeth, the central incisor.

So after all baby's fretfulness he has a brand new tooth or two; so white and so sound they look, that you never give a thought to future tooth troubles.

Then the other eighteen or nineteen white coated little "bailiery" will follow at somewhat regular intervals until Sonny is two years old, when he should have his full temporary set.

These are the temporary or deciduous teeth, being known also as the "milk teeth," from which you will be aware, of course, that they won't be retained right through adult age.

They should all remain in place, however, until about the seventh year, when, through the natural process of shedding, they commence to be lost.

Then as the time approaches for the eruption of the second set, unless the arches have not properly expanded and the second set is certain to be crowded and irregular. In such a case, the family dentist should always be consulted.

Since Sonny is going to lose these small teeth in good time and get a nice new set, why bother to care for them?

Well, little Sonny does not want a tooth-ache any more than do you, and for several other good reasons of which more to follow.

Too Much Food

People These Days Eat More Than They Need.

The problem interesting more people than any other in this country today is birth control. There is no topic of conversation more general and more personally important to multitudes of people than how to keep from getting too fat. This is a strange phenomenon in a world that, from the dawn of history, has been hard put to it to get enough to eat. It is probable that there never has been a time when more than half of the world's population was not more or less continuously hungry, but in the United States food is so abundant that everybody must be warned not to eat too much, and there is a protest against roasting and last cultivation should increase an already embarrassing surplus of foodstuffs.

Canada being a larger population, and by being in people for whom proper provision has not yet been made, the world's population was not more or less continuously hungry, but in the United States food is so abundant that everybody must be warned not to eat too much, and there is a protest against roasting and last cultivation should increase an already embarrassing surplus of foodstuffs.

Extending Air Mail Service

If Satisfactory Whinnip May Be Served In Near Future

Plans are being completed by the post office department for an extension of the air mail service connecting large centres like Montreal and Toronto with the first land stop of trans-atlantic liners. The contract for the service to Toronto has not yet been actually awarded, but will be in a short time. It will give Toronto quick delivery of letter mail to and from Europe. If the Toronto service proves satisfactory it is probable that in another year an extension of it as far west as Winnipeg will be attempted.

Nothing Like It To Relieve Colds

In formula and action, Buckley's Mixture is different from all other remedies. It literally "acts like a flash" in conquering colds and healing the inflamed parts. The instant relief that follows the first dose is multiplied 40 times in a 76-cent bottle. "Buckley's" should be in every home. Your druggist sells it under a money-back guarantee.

HERCULES PERMANENT BUILDING PAPER

IT TAKES A SHARP BLADE

Healthy beads can be removed most easily with a sharp blade. So, too, can Hercules Permanent Building Paper be cut. It doesn't tear easily.

For this reason alone, carpenters and builders prefer Hercules. When using, handle it as roughly as you like. Hercules will not tear or crack. Hercules allows greater speed in using.

For various purposes, Hercules is made in three grades—light, xx medium, xxx heavy. All grades are tested and proven wind proof and damp proof. A sample gladly sent on request.

CANADA'S FORESTS

Canada's forest are going fast. Yet how many people in this country betray any concern?

As long as Canadians pay no attention to forest facts, the mischief will go on.

Sixty per cent of Canada's original forest wealth has been destroyed by fire! Thirteen per cent has been cut by axe and saw! Twenty-seven per cent is left as the capital to supply an increasing and an insatiable demand for lumber, paper and other products!

Twenty-seven per cent! In a few generations we have reduced our capital to 27% of the original. And what have we to show for it! We have some cleared agricultural land which was once forest, but this in the case of the best farming regions at least, was chiefly hardwood forests. Our cut-over coniferous forest area is largely rough, sandy, rocky

land of little use except where minerals have been deposited.

Canadians should think over these things. "Canadian Forest Week," during the latter part of April, is an effort to have them do so. It means much to the future of this country. Unless the remainder of our forest capital can be protected and wisely used, in twenty-five years, at the present rate of destruction by fire and axe, we will have used up all our available timber.

Forestry experts claim that if fire can be kept out, Canada's forest growth each year will provide all the timber and pulp wood required. The chief problem, however, is not how to fight fire, but how to prevent it. Every man, woman and child who goes into the woods should know the danger and feel the responsibility.

Hon. Charles Stewart, minister of the interior, is organizing the fight against forest fires. The people of Canada could do infinitely more, however, by exercising care to prevent them.

The novice at trout fishing had hooked a very small trout and had wound it in till it was rammed against the end of the rod.

Pupil—What do I do now?

Instructor—Climb up the rod and stab it.

BELLEVUE LEGION OPEN
NEW CLUB ROOMS

The official opening of the new clubrooms of the Bellevue Branch of the Canadian Legion, British Empire Service League, took place on Easter Monday night, April 9th, this date being also the eleventh anniversary of the battle of Vimy Ridge, April 9th, 1917.

The Blairmore branch of this legion was represented by Comrade Ed. Royle, president, and Comrade G. A. Visage, general manager of the West Canadian Collieries; Coleman branch was represented by Comrades: P. Smith, president, J. Yates, R. Lloyd and Jack Ball. In addition to quite a large number of Comrades from both branches.

The opening was in the form of a smoking concert, with a splendid musical programme, and it put one in mind of the old days from 1914 to 1918 at the Y.M.C.A. and other places of interest, especially the canteen concerts—just done on purpose to keep up the morale of the troops," as Comrade G. Skerrett explained when giving the aims and objects of the League. Comrade Cliff. Miller made an excellent chairman and the artists included the following: Comrades A. J. Hadwell, E. C. Costick, F. Utley, F. Beale, F. Padgett, M. Piard, 'cello (another string-broke), R. Jordan, W. Peters (Blairmore), H. Harrison (Hillcrest), A. Watson (Maple Leaf) and a comrade from Nelson, B.C. It was a real program and enjoyed by all.

Without a doubt the Bellevue Branch are the proud possessors of one of the finest clubrooms in the province of Alberta and well worth a visit, and it is the desire of the Bellevue Branch, when any Comrade or Comrades are in town to pay a call and say "Hello." Any visitor will always find the stewards, Comrades Bill Hampton and Bobby Jordan, ready to cater to their various wants and give all available information.

Accompaniment on the piano for the various numbers on the program was ably supplied by Ed. Royle, Blairmore, and G. Altham, Hillcrest.

GOOD ADVICE

Do not sit up late at night; study and work in the daytime. Rise early and go to bed early. Avoid novel reading and cultivate the companionship of good books. Never tell a lie or stoop to a mean act. Be kind to every living creature. Speak no evil of anyone. Be good, adore God; be loyal to friends, and love your country better than yourself. Take hold of things by the smooth handle; avoid disputes; do not turn pleasant conversation into heated argument. Too much speaking is not best. Never put off till tomorrow what you can do today. Never buy what you do not need because it is cheap. Pride costs more than hunger, thirst and cold. We never regret of having eaten too little. Never borrow trouble.—Ex.

SALVATION ARMY ANNUAL
SELF DENIAL EFFORT

The Salvation Army is making its annual Self Denial appeal all next week, April 16th to 21st, and a representative will call on you soliciting your support.

The Army is at work in eighty-three countries and colonies; preaches the Word of God in over forty languages; exemplifies the Christian religion, and includes all sects—it has no creed save that of the Word of God.

The Army has made its home amongst the sinful and friendless of all nations. It is proclaiming a living message, bringing love and hope and strength to multitudes dead in trespasses and misery.

Here are six reasons why you should help in the Army's Self Denial appeal:

Because it is the champion of the weak; the defender of the oppressed; the vindicator of the wronged; the savior of the lost.

Because it stands for individual and national righteousness, first, last and all the time.

Because in its orphanages many fatherless and motherless children are lovingly cared for.

Because the Army goes into all the world to proclaim Salvation to all men, irrespective of race or clime.

Because the need for helping to lift the fallen, heal the sick, shelter the homeless, befriend the friendless, and bring light and salvation to mankind is greater than ever.

Because the social work has a vast network of agencies, all of which are worthy of your best support. They include shelters, homes, elevators, and workshops for men and women; receiving and industrial homes, workrooms and slum work, maternity hospitals, homes for children, and other beneficent and Christlike activities.

The Army will appeal to all next week to do what they can to assist in carrying forward this ministry of mercy and salvation.

Work on the Royal York, new hotel of the Canadian Pacific Railway in Toronto, is ten days ahead of schedule and there is now every probability that it will be completed by May 1, next year. It will tower 355 feet above the sidewalk, being the tallest building in the British Empire.

A. Allerton has been appointed general manager of hotels and bus-slow camps east of Port William, operated by the Canadian Pacific Railway; and H. P. Mathews, general manager of hotels and bus-slow camps from Port William to the Pacific. The appointments were consequent on the death of C. E. E. Usher, late general passenger traffic manager of the railway.

Palle Huld, 15-year-old Danish boy, who is travelling round the world in 46 days, passed through Montreal and the east of Canada recently on his way to Vancouver, whence he will sail by Canadian Pacific All-Red route to Yokohama. The exploit is in commemoration of the hundredth anniversary of the birth of Jules Verne, whose book "The World in 80 Days" has always been a favorite with boys.

Fort William—Elevator capacity at Fort William will probably total 100,000,000 bushels by 1930. Present storage capacity of the twin cities is recorded as 72,540,000 bushels and between 9,000,000 and 10,000,000 bushels will be added before the 1928 crop is garnered. Expansion in the following two years will take about 20,000,000 bushels, one of the largest terminal building projects either in the history of the lake-head ports or any of the other centres of the continent.

Winnipeg—So many applications have been received from farmers in Manitoba to engage the services of routes who are being sent out from Great Britain under the Boy Immigration scheme, that the Provincial Government has requested the authorities to increase the number from 50 to 100. Hon. Albert Prefontaine, Minister of Agriculture, stated that 175 farmers have filed applications for boy help. It is expected that the first batch of youthful immigrants will reach Manitoba late in March.

Substantial reductions in express charges on packages up to 15 lbs. in weight originating in Europe and with Canadian destination have been announced by the Canadian Pacific and Canadian National Express companies. These cuts run as high as \$1.75 and for the purpose of the change Canada has been divided into three zones, Maritime Provinces and Quebec; Ontario; and Prairie Provinces and British Columbia. Within these zones charges are the same no matter how widely separated points within them may be.

BLAIRMORE, ALBERTA

"WHERE IS ALBERTA?"

Here is a story from a Hamilton paper in which is exemplified what little knowledge some of our American friends have of Canada. While a Hamilton constable was patrolling his beat, he saw a large car, bearing an American license, and five passengers, draw up beside him.

"Where is Alberta?" demanded the driver.

The constable pointed westward.

"We have a friend there who is ill, and we're going over to spend the afternoon with him," explained one of the occupants.

When the blue coat had recovered sufficiently from the shock, he hastily assured the tourists that their intention was an impossibility and, to demonstrate, he mentioned the mileage between the city and Alberta.

The visitors were crestfallen, telling the officer they had intended visiting their friend, who lives in Edmonton, in the afternoon and returning home the same night.

Like all people who work brings them into close touch with the human side of things, Sir Herbert Baker, the famous manipulative surgeon, has a great liking for children, and many of his best stories are about them. Here is a good one:

"Daddy, is today tomorrow?" asked little Willie.

"No, my son, of course today isn't tomorrow," answered his father.

"But you said it was," objected Willie.

"When did I ever say that today was tomorrow?"

"Yesterday," answered Willie.

"Well, it was. Today was tomorrow yesterday, but today is today, just as yesterday was today yesterday, but today is today tomorrow, which makes today, yesterday and tomorrow all at once. No run along and play."

IT PAYS TO ADVERTISE

The man of business is strictly business. He understands business; he does business and is full of other people's business. To worry other people with your business is not business. If you let others know your business you will soon be out of business. To ask for a loan of a dollar is no business; to make that loan is poor business. I write this as strictly business; call and we will do business. If a man loves a lady, that's his business; if a lady loves a man, that's her business; soon they get married, that's their business; if they have children, that's their business.

General Round-Up

In the early days of the world war the officer in charge of a British post in the heart of Africa, received a wireless message from his chief:

"War declared. Arrest all enemy aliens in your district."

A few days later the chief received this communication:

Have arrested seven Germans. Three Belgians, four Spaniards, five Frenchmen, a Scotchman, a couple of Swedes, an Argentinian and an American. Please inform me whom we are at war with.—Fort William Times-Journal.

"Please, sir," said a boarding-house maid to a Scotchman, "the gentleman upstairs wonders if you could lend him a corkerew."

Scotlie: "That's aw richt, lassie, I'll tak it up tae him mazel."

"Does that mule ever kick you?"

"Wal, suh, he ain't yet, but he sho' do kicke'd place were Ah recently was."

What the music-loving public have been waiting for—"I'll Trovatore," at the opera house Monday night. A wonderful musical treat for all.

JUNIOR CHAMPS GUESTS OF CHEVROLET MOTOR CO.

Besides winning the junior hockey championship of Canada, the members of the Regina Monarchs hockey team have gained a considerable knowledge of the automobile industry during their stay in the east.

The young speed kings have had cause to thank the happy chance that made Ross Robson, the Chevrolet dealer in Regina, president of their club. For immediately upon their arrival in Toronto the Chevrolet Motor Company of Canada took them under its wing. Not one of these west-ers had ever viewed Niagara Falls; hearing of their desire to remedy this omission, the company whirled them off on a sight-seeing expedition to the "Father of Waters."

Niagara, clad in winter's splendor, thrilled the prairie lads like winning the world's championship must have thrilled their conferees in senior hockey.

Something in the nature of a Regina re-union was staged when the team visited the General Motors plant at Oshawa, for several men from the Saskatchewan capital have climbed to important positions there.

The hockey players learned the mysteries of trimming and radiator-building, chassis assembly and export packing during a happy afternoon spent wandering through the maze of factories.

The climax to their automotive sight-seeing came, however, with a trip to the General Motors proving ground at Milford, near Detroit, as guests of Chevrolet. Before motor-ing to this great 1240-acre "laboratory" they had breakfast in the famous restaurant at the top of the giant General Motors building. No boy could have failed to find fascination in riding at hurricane speed on the proving ground speedway, climbing the 24 per cent grade or watching the experimental cars "doing their stuff," and the Regina players voted the proving ground visit the most interesting of their trip east.

HELIGOLAND OF NORTH ATLANTIC

Ottawa.—Discussing in the senate recently Senator Tanner's resolution to the effect that favorable consideration should be given to any overtures that might be made by Newfoundland toward union with Canada, Hon. G. D. Robertson spoke of the strategic position of the island dominion at the mouth of the St. Lawrence. He regarded it as the Heligoland of the North Atlantic, the watch tower which, if the necessity arose, could be the frontier of defense for all the territory on the St. Lawrence and the Great Lakes.

Senator Robertson thought Newfoundland might profit by being known as a part of Canada, as it would be better advertised.

Hon. J. P. Casgrain said Newfoundland had no idea of annexation to the United States and no desire to be annexed to Canada. He held that a mistake had been made in referring the Labrador question to the Privy Council, as the reference admitted that Newfoundland might have a proprietary interest in the mainland. "But Canada lost nothing; I wouldn't take it for nothing," he said, "the people are happy and I think I should leave them alone."

"Jim, I see that your mule has 'U.S.' branded on his right hind leg. I suppose he was an army mule and belonged to Uncle Sam?"

"No, suh! dat 'U.S.' don't mean nothin' 'bout Uncle Samuel. Dat's jes a warning. Dat 'U.S.' jes stands fo' 'Un-Safe'—dat's all!"

The professor was asked to give his definition of woman. After clearing his throat, he began in his leisurely way: "Woman is, generally speaking—"

"Stop right there, professor," interrupted a lowbrow. "If you talked a thousand years you'd never get any nearer to it than that."

Quebec.—Quebec is taking advantage of the Federal legislation of last year known as the Canadian Farm Loan Act, which provides for loans to pioneers whereby the Federal Government provides 90% of the money, the provinces 5%, and the borrower himself the remaining 5%.

This year's largest inflow of settlers destined for the west recently arrived on two of the liners of the Canadian Pacific fleet. There were 102 on the Monticore and 500 on the Melita, the majority being of British birth, thereby establishing a record for any individual ship docking at the Maritime Province ports this year.

A recent revision of the Customs regulations now enables tourists to bring their sporting equipment or cameras into Canada without leaving a deposit on account of their dutiable value with the Canadian Customs officers at the border. At the present time the change in the regulations will effect particularly the Pacific Coast, where golf and spring sports are in full swing.

Vancouver.—Over 100 miles of track serving the ports of the Vancouver district will shortly have been laid by the Canadian Pacific Railway, according to a statement issued by the general superintendent of the district. The trackage is destined to take care of a steady and normal growth in trade through Vancouver and also to handle expansion in westward grain movement which this year has reached the record of 53,000,000 bushels.

John Walter, co-proprietor of the London Times with Major the Hon. J. J. Astor, arrived in Montreal lately where he addressed a gathering under the auspices of the National Council of Education. Mr. Walter is covering the Dominion over Canadian Pacific Railway lines and will make addresses in most of the larger cities. He is the fifth member of the family, being a direct descendant of the famous John Walter, to be guide of this newspaper since 1758.

On a long trip from Ontario to Brussels, Belgium, forty muskrats lately left Canada aboard the C. P. S. S. Marbora bound for Antwerp. The final destination of these animals is a farm near Brussels where they will form the nucleus of a muskrat farm. While handled by the Canadian Pacific Express Company during the entire voyage, the animals were fed two ounces of oats and four ounces of carrots daily with water once every two days.

A MUSICAL TREAT
FOR PASS RESIDENTS

The management of the Blaimore opera house, has at considerable expense booked the largest opera company touring Canada today, in the famous opera "Il Trovatore," under the personal direction of Basil Horsfall, noted opera producer and director. This grand production with its aggregation of famous opera stars, full chorus and scenic effects will be produced on Monday, April 16th, and every music lover in The Pass should not miss this opportunity of hearing the much beloved opera.

Nearly everyone knows the story of Il Trovatore. The opera, which is undoubtedly Verdi's masterpiece, is founded on a drama belonging to the fifteenth century. The story is that Trovatore, or the Troubadour, is Manrico, the supposed son of a gypsy, but really a brother to the Count di Luna. The princess Leonora falls in love with the Troubadour, and the Count in jealous anger to put Manrico to death, the princess intercedes on his behalf and promises to give herself to the Count if he will spare her lover. The Count consents to this, but while he goes to release the captive, Leonora destroys herself by taking poison. When Manrico discovers this sad fatality he, broken hearted, dies also.

The music of this opera is beautiful and is generally favored above all other operas, and the wonderful aggregation of stars in the National Opera Company is guarantee enough that the famed solos and choruses will be rendered in perfect manner. Following is the personnel of the operatic stars in this production. Joseph F. Sheehan, celebrated American tenor, in the difficult role of Manrico, the Troubadour; Franklin Meeker, famous lyric baritone, takes the villain's part, Count di Luna; Frederick Wiesel, basso and soloist of the Danrosch Symphony Orchestra, as Fernando, and Bohman Johnson, famous tenor, as Ruiz. The leading role of Princess Leonora is capably handled by Miss Mercedes Dalnada, noted soprano of the London Opera House, while Miss Thelma Baird, well known soprano, plays the part of Isabella and the difficult characterisation of Azucena is wonderfully enacted by Miss Martha Richardson, contralto of the Chicago Opera Company. These noted voices are ably supported by full chorus, under the personal conductorship of Basil Horsfall.

The admission charges are the lowest known for a production of this kind: One dollar for reserved seats, balcony 50c and children 50c, and one is advised to get their bookings at Capt. Beebe's office as early as possible. This is not a moving picture, but an up-to-date legitimate stage success produced by one of the best companies on tour.

THE PASS FIFTEEN YEARS AGO

(The Blaimore Enterprise, 1913)
March 21.—Hon. Malcolm McKenzie died in Edmonton on Saturday morning last from peritonitis, at the age of fifty years. He came west twenty-five years ago.

At the annual congregational meeting of Central Baptist church on Wednesday evening, the following officers were elected: Deacons—J. W. Gresham, J. J. Thomas, F. M. Pinkney, all re-elected; Secretary—J. B. Harmer; Treasurer—Rev. J. F. Hunney; Sunday School Secretary and Librarian—F. M. Thompson; Sunday School Superintendent—Alex. McLean.

The first working meeting of the newly organized Women's Guild of the Presbyterian church was held at the home of Mrs. L. P. Robert on Thursday evening last.

Joe Tompkins says he will not turn conservative and hopes for nomination for the Rocky Mountain riding on a Socialist ticket.

The marriage of James Calderwood to Miss Annie Vandermanian was solemnized by Rev. W. H. Irwin at Bellevue on Saturday morning last.

E. T. Fitzsimmons has taken up residence in West Blaimore, in the house formerly occupied by J. Bilterlist.

Misses Fulton and Darrach will spend the Easter holidays in Cowley.

Misses Hazel and Pearl Madden and Miss Harrison were visitors from Lundbreck on Saturday.

H. E. Lyon, of Blaimore, and Plante & Antel, of Coleman, have purchased new Ford.

W. A. Beebe, A. McLeod and Mike Rosse attended the funeral of Hon. Malcolm McKenzie at Macleod on Monday.

Application has been made by a number of residents of Beaver Mines to have an Oddfellows' lodge instituted there.

Mrs. and Miss Frayer will leave this week end for Calgary, where they will in future reside.

The big storm on Sunday night came as a surprise to the people of The Pass, who had about decided spring was right with us. The storm lasted three full days, being the worst for the winter.

At a meeting of the Liberals of Blaimore on Thursday afternoon, it was decided to place a straight Liberal candidate in the field, and W. A. Beebe is likely to be the choice.

The fine residence of T. Frayer has been purchased by L. Dutil.

James Allsopp had a narrow escape in the blacksmith shop at the Bellevue mine on Saturday last. He was hit on the head with a heavy hammer and rendered unconscious for a considerable time.

The sum of \$13.00 was paid for a basket at a social staged in the Mission hall here on Thursday night last. There were forty baskets put up, and the average price paid was \$4.20.

WANT TO LEARN!

There are five things in life which we ought to learn. Here they are: 1. Learn to laugh. A good laugh is better than medicine, when you smile or laugh, your brain for a moment is freed from the load it ordinarily carries.

2. Learn to tell a helpful story. A well-told story is as welcome as a sunbeam in a sick room.

3. Learn to keep your troubles to yourself. The world is too busy to linger over your ills and sorrows.

4. Learn to stop croaking. If you cannot see any good in the world, keep the bad to yourself.

5. Learn to greet your friends with a smile. They carry too many frowns in their own hearts to be bothered with any of yours.

BLAIRMORE UNITED CHURCH
Rev. J. W. Smith, Pastor.

Serve the church that the church may serve you.

Services for Sunday, April 15th.—In view of the fact that Mr. Smith has been granted two weeks absence for the purpose of preparing his thesis leading to B.D. degree, the church services are in the hands of the Session. For Sunday next, the services of MRS. ETHEL REESE BURNS, A.T.C.M., of Edmonton, interpreter of literature and teacher of the spoken word, have been secured. Mrs. Burns will read "The Song of Better Understanding," by Wilson MacDonald, and "The Pearl of Great Price," from "The Other Wise Men," by Henry Van Dyke. Don't miss this opportunity of hearing Mrs. Burns.

Mrs. Gordon Steeves, soprano medalist at the festival just terminated, will render a solo.

Senior and Junior school as usual at 11 a.m. and 2 p.m., respectively.

Church Night services as usual at 8 o'clock on Wednesday evening. This service will be conducted by Rev. Mr. Lytle, of the Bible Society.

SEVEN FOOLS

The man who puts big apples on top.

The man who believes everyone else is crooked.

The man who always sees happiness in another town.

The man who thinks the world owes him a living.

The boy who knows more than his father.

The girl who can "take care of herself."

Any man who tries to match wits with God.—Beacon Light, Houghton & Dutton Company.

The largest and most expensive attraction ever booked into Blaimore opera house Monday night.

Mr. Robt. Gray leaves by tonight's train for Swift Current, Sask., where he will visit the Swift Current lodge of Northwest Commercial Travelers in his official capacity as grand senior councillor for the three prairie provinces.

The preliminaries of the Corbin murder case opened at Fernie today.

This case has arisen out of a shooting affray on Friday last, in which Arthur Southern, alias James Sutherland, is alleged to have inflicted a wound on Patrick Nicholson, from which the latter succumbed the next day.

Premier Brownlee has been invited by William Jardine, secretary of agriculture in the United States government, to address the meeting of the American Institute of Co-operation at the University of California, Berkeley, next July, and probably will accept. His subject will be the progress of co-operative marketing in the Canadian west.

COWLEY HAPPENINGS

Mrs. Walter Rison is spending the week end in Lethbridge.

Mr. and Mrs. Fred Tustian are spending Easter in Lethbridge.

Miss Allison Brockwell, of Calgary, is spending Easter holidays with her parents here.

Mr. Austin Brownie, principal of the Cowley school, is spending Easter in Calgary, at the home of his parents.

Mrs. Hood, of the teachers' staff here, is an Easter visitor to Macleod, where she is spending the season's holidays.

Mr. and Mrs. Archie Swart and children Netta and Gordon are Easter guests of Mr. and Mrs. Goldie, of Lethbridge.

Mr. Joe Morgan was buried at Pincher Creek on Friday. The sympathy of the community is extended to Mrs. Morgan in this hour of trial.

Ralph Easterbrook, of Calgary, came down on Saturday morning's train, to spend the season's holidays with his mother, Mrs. E. S. Easterbrook, and family.

Jim Edwards, Duart Smith, Thomas Shepherd and Jack Rhodes have returned from Calgary, where they attended the spring stock show. They brought a few fine cattle back with them.

A very impressive Easter service was held in the Union church, when Rev. Mr. Griffith delivered a beautiful Easter sermon on the Crucifixion, Death and Resurrection of Christ to a large congregation. Song service was especially good, the selections being well chosen. The church was artistically decorated with many beautiful flowers, which all represented the newness of life in a very realistic way.

OPERA FILM "WILLIAM TELL"
AT ORPHEUM MONDAY

Everyone knows the story of the great Swiss archer, "William Tell," who was forced by the cruel tyrant Austrian governor, Gessler, to shoot an apple from his own son's head. This incident is portrayed very dramatically. The film also shows the history of Switzerland in its revolt against the tyranny of the Hapsburg dynasty and the final triumph of the Swiss people who establish the first modern republic. Interspersed in the picture is a fascinating love story of the prince who wooed and won, after many difficulties, sweet Marie, the village blacksmith's daughter.

The National Opera Company is appearing in the Operafilm, "William Tell," at the Orpheum Theatre on Monday night next. Artists of the company appear in person on the stage in costume, portraying characters of the film and render appropriate vocal selections.

New Mamma Knows

Mother: "Darling, you were awfully late last night. I'm afraid I'm dreadfully old-fashioned, but I should like to know where you go."

Daughter: "Certainly, Mummy darling. I dined with—oh, well you don't know him—and we went to several places I don't suppose you've been to, and we finished at a queer little club—I forgot its name, but it's in a cellar somewhere in Soho. It's all right, isn't it, Mummy?"

Mother: "Of course, darling. It's only that I just like to know."

Judge West said to an officer and

constable: "Officer, what is this here prisoner charged with?"

"Bigotry, your honor," said the officer. "He's got three wives."

The judge gave a sniggering laugh. "Officer," he said, "what's the use of night school, business college, correspondence training and education in general? Please remember, in future cases of this kind that a man that has married three wives ain't guilty of bigotry, but trigonometry. Call the fust witness."

NAVIGATION TO PORT CHURCHILL SEASON OF 1930

Ottawa.—Navigation via the Hudson Straits to Port Churchill in the season of 1930 is the present objective of the Departments of Marine and Fisheries and Railways and Canals.

Plans are now being created for the setting up in the straits of two direction finding stations, similar to those operated by the Department of Marine on the Atlantic Coast, and in the Gulf of St. Lawrence.

The Canadian Government ship, Montcalm, will leave for the North about the middle of June, under the direction of Major N. E. MacLean, and the vessel will spend the summer in the straits. She will carry with her additional supplies and equipment to enable the three Royal Canadian Air Force bases to continue their work until the autumn.

During the summer, the work on the direction finding stations will be commenced and the men who will be in charge of this work will take over much of the equipment which the air force will leave when they conclude their work and start South. The Polar planes will be packed up and returned on the Montcalm.

It is understood that the air force will retain these planes which were purchased specially for operation in the straits.

The Department of Railways and Canals will probably send a special crew and equipment North to undertake the refloating of the ship, Canadian Raider, which was beached last summer after some difficulties were encountered.

Dominions Must Decide

Signature Of Anti-War Pact Left To Countries Involved

Washington.—Whether the self-governing Dominions would sign separately any anti-war pact which is concluded is a matter to be decided between the British countries themselves, said Frank B. Kellogg, United States Secretary of State, to the Canadian press.

"The United States would, of course, welcome the signatures of any or all of the British Dominions," he continued.

The secretary of state had been asked if, in the event of Great Britain adhering to the proposed pact to outlaw war, Canada and the other British Dominions would be asked to sign separately.

Asked if he had had any conversation with the Canadian government on the subject during his recent visit to Ottawa, Secretary Kellogg replied that he had not.

The next step by the United States government has not been decided on, said.

Movies Sent By Wire

Ten Feet Of Film Used In Successful Experiment

Chicago.—An advance in the transmission of pictures by wire was made when for the first time a motion picture was sent over telephone lines to New York city for display there.

A close up of Vilma Banky, motion picture star, was taken in the telephone offices of the American Telephone and Telegraph Company, and within half an hour the film had been developed and was being transmitted over the wires.

The film was cut up into short strips and sent as "stills" or ordinary pictures. At the other end of the line the strips were placed together and then photographed on a regular motion picture film. Ten feet of film were used in the experiment.

B.C. Student Receives Award

Toronto.—Dermot A. Davies, a student at the University of British Columbia, has been awarded a \$1,000 graduate fellowship in economics offered by the Royal Bank of Canada to the student in attendance at any Canadian University who submitted the best paper on one of several topics in connection with the important problems confronting Canada.

Empire Fair Shows Deficit

London.—There was a deficit of £1,756,000 in connection with the British Empire Exhibition of 1924-25, according to Captain Douglas Hackley, M.P., parliamentary under secretary of state for the Home Department, who was asked about the matter in the House of Commons.

A Great Aid To The West

Building Of Railways To Outlying Parts Proves Big Factor

Toronto.—"One of the greatest things the Liberal Government ever did was the building of railroads to outlying parts of the country, such as the Hudson's Bay Railway and new lines into the northern part of Western Canada," said C. R. McIntosh, M.P. for North Battleford, and proprietor of the North Battleford News, at a luncheon given by the Toronto Men's Liberal Association.

Years ago, he continued, Canadians flocked across the border, as there were no railroads in the back country. Today lines were being constructed and the result was that the country was filling up with good families from all over the world. Speaking of immigration, Mr. McIntosh said his district was populated by people from all parts of the world. "These people," he said, "who have toiled and labored to make homes for themselves must be given a place in the governing of our country. Otherwise in the future we will encounter trouble."

Commander Daniel

Found Guilty

Sentenced To Dismissal From Ship With Severe Reprimand

Gibraltar.—The first court-martial growing out of the Royal Oak affair which has stirred the British navy ended with the conviction of Commander H. M. Daniel, on charges of conduct prejudicial to discipline.

The court, after deliberating one hour and ten minutes, found him guilty on all charges and sentenced him to dismissal from his ship and a severe reprimand. The sentence did not imply dismissal from the service and means that the commander will remain on half pay until it pleases the admiralty to appoint him to another ship or another post.

Baldwin May Have

Another Term

Will Be Returned To Power At Next Election, It Is Predicted

Winnipeg.—The Canadian Government will be returned to power at the next elections and the Liberal party will do better than it did last time, declared Sir Robert Horne, ex-chancellor of the exchequer in the British Parliament, who spent two hours in this city while on route east in the course of a tour of the Empire.

Sir Robert considered Premier Baldwin safe in being returned to power and the Liberal party, he thought, would be solid under Lloyd George. The latter, he said, was the only leader available.

Ontario Session Ends

1928 Session Of Ontario Legislature Prorogued With Usual Ceremonies

Toronto.—With the usual military pomp and traditional ceremony, Lieutenant-Governor W. D. Ross formally prorogued the 1928 session of the Ontario legislature. Greeted on his arrival at the parliament buildings by a salute of booming guns, His Honor entered the legislative chamber sharply at three o'clock for the brief ceremony. The galleries were sparsely filled and many of the members had already dispersed to their homes. The desk of Alexander Stuart, M.L.A. for North Renfrew, who died on Sunday, was draped in a Union Jack surmounted with crepe.

Use Drastic Methods

Bandits Receive Short Shift From Mexican Troops

Puebla, Mexico.—Bandits captured in the state of Puebla are being hanged to trees beside the highways wherever found in this region by federal troops and home guards. The bodies are being left until devoured by vultures, the authorities hoping that the grisly sight will deter other holdout men. At one point not far from Puebla, three bodies swung from a tree beside the road and at another point are two bodies, while in several other places there are from one to three.

To Vote On Beer Parlors

Brandon.—Petitions containing over 1,700 names have been filed with the city clerk for a vote to be taken on the local option clause in the Manitoba liquor laws, and accordingly the council has decided that the vote will be taken on or about May 15. The petitions were filed during the last six weeks and on the result will depend the opening of beer parlors in this city.

Recognition For

Herman Trelle

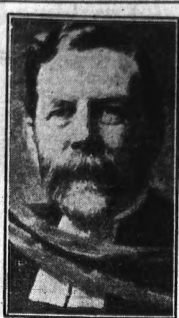

Alberta Government Purchases Quarter Section Of Farm At Wemahly

Edmonton.—Payment of a first installment in the purchase price of a quarter section of his farm at Wemahly has been made to Herman Trelle, the Peace River wheat champion, through the department of public works. An appropriation of \$5,000 was passed in the estimates for this province.

Under the terms of the agreement, the quarter-section is being leased to Mr. Trelle for a term of five years with the option of purchase at the end of that time. The land adjoins the remainder of his holdings, on which his prize-winning wheat was grown, and is itself under cultivation.

It is understood that Mr. Trelle will continue his experimental work in which he has already achieved such distinguished success, and the action of the government, which was fully sanctioned by the legislature, is by way of demonstrating a province's grateful recognition of services rendered and good publicity provided through a double championship.

Agriculturists

Ottawa.—A sum of \$4,000 has been placed at the disposal of the Canadian Society of Technical Agriculturists by the International Education Board of New York, founded by John D. Rockefeller, Jr., in 1923, to be used in making a survey of graduate and research facilities available at Canadian agricultural colleges as in the Federal and Provincial Departments of Agriculture. A part of the money will be used in preparing and publishing a graduate calendar upon such a survey.

The C.S.T.A. has arranged for the release of Dr. Robert Newton, of the University of Alberta. He will undertake the survey in January, 1929.

Wins Ribbon For Livestock

Calgary Man Carries Off Honors At Alberta Stock Show

Calgary.—W. P. Fleming, of Calgary, carried off the red ribbon for the best carload of 15-finished steers, 1,100 pounds and over, at the Alberta spring stock show. Leading breeders from many parts of the Dominion were present exhibiting the opinion that this carload of Herefords were the finest ever exhibited in Western Canada.

Mr. Fleming also carried off premier honors for the best five finished steers over 1,100 pounds.

Frank Collicott, of Crossfield, succeeded in winning first and second place for 15 steers under 1,100 pounds.

Western Rivers Re-stocked

Upper-The government hatchery at Banff, Alta., Lower-A live male cutthroat after stripping. Note the protruding lower jaw, characteristic of male cutthroats.

A full report of the activities of last year by members of the Banff fish hatchery staff shows that the staggering amount of one million, seven hundred and sixty-six thousand, eight hundred trout fry were placed in the streams of Alberta, under the direction of Superintendent J. Martin. A still further number in addition to the many youngsters were eyed eggs totaling 71,040, which were also planted.

Spray Lakes and the surrounding streams received the eyed eggs and 205,800 of the total number of cutthroat. Of the remaining 748,000, some 110,000 were distributed between the Jumping, Pound and its tributaries, Tough and Lees creeks, near Cardston, Alta., and Big Hill and Cold creeks near Cochrane, Alberta. The waters were placed in park waters.

Of the Rainbow species, tributaries of the McLeod River in Northern Alberta received 60,000; tributaries of the Highwood received 60,000, tributaries of the Elbow got 57,000, and with the exception of 50,000 that were placed in the Old Man and Crow's Nest rivers, tributaries of the Bow got the remainder. The Bow River, running behind the Banff Springs Hotel, is popular for its fish. That it was a successful year for the Banff fish hatchery and that the benefit of this work will soon be felt by anglers, none can doubt.

Plan Study Of Arctic

Nineteen Nations Will Contribute To Work Of Conference

Washington.—When representatives of 19 nations gather in Leningrad next June, in an international conference on Arctic explorations, the United States may be one of them.

If so, it will mark the first time that the United States has participated side by side with a Russian delegation in such a conference and the first time this country had sent an official delegate to Russia since it became the Soviet of Socialist Republics.

The foreign affairs committee of the House of Representatives has voted favorably on a resolution which proposed U.S. participation in the International Society for the Exploration of the Arctic regions by airship.

Among the 19 nations who are expected to contribute to the work of the society are, also Great Britain, France, Italy, Germany and Japan. Canada is not included.

Completing Highway In B.C.

Federal Government Agrees To Co-Operate In Construction Work

Revelstoke, B.C.—A start on the last link of the trans-Canada Highway between Revelstoke and Golden will be made early next month, according to Hon. W. H. Sutherland, Provincial Minister of Public Works.

According to the minister, the Dominion Government has agreed to co-operate in the construction of the highway around the Columbia River and the work to be undertaken will commence at a point on the big bend North of here where work stopped at the beginning of winter.

Dr. Sutherland stated that the federal government cannot undertake the building of a road through Glacier National Park, but has offered to assist the province in building around the big bend. It is understood that Ottawa's contribution will approximate \$1,000,000. The work to be undertaken this year will be extensive, it was stated, and may entail an expenditure of \$225,000.

Will Borrow Three Million

Alberta Confident That Debentures Will Find Ready Sale

Edmonton.—A debenture issue of \$3,000,000 will be made by the provincial treasurer at the beginning of May. It will be in part for refunding purposes, covering an item of \$825,000 maturing June 1, and the balance will be used for general expenditure requirements of the government.

The exact terms and conditions of the issue have not yet been determined, but in view of the fact that the Eastern money market is now favorably disposed, the treasury is looking for just about the best sale it has ever made.

NO CHANGE IN BRITISH POLICY TOWARD EGYPT

Manchester, Eng.—Sir William

Joynton-Hicks, secretary of the home office, told the Cotton Spinners' Association that the latest Egyptian note would work no change in British policy. He said:

"It is true we have received a somewhat foolish despatch from the Egyptian Government. But I ask you to put your faith in His Majesty's government, and realize that this despatch will mean no change in British policy. A reply to the Egyptian Government will be made shortly."

Sir William also said that he looked forward to the time when Lushaire would be independent of the cotton supplies from the "great west" and would get all its cotton from the British Empire.

Cairo, Egypt.—Premier Nahas explained to Cairo newspaper representatives briefly, Egypt's position with regard to Great Britain.

"In our note to Great Britain," he said, "we have striven on the one side to uphold the country's rights, and on the other to maintain unimpaired our friendly relations with Great Britain."

The note in question was Egypt's rejoinder to the British Government's latest note on the rejection by Egypt of the proposed treaty.

In his explanation the premier dealt solely with Egypt's rejection of the British claim to the right of interference with Egyptian legislation and with Egypt's ability unaided to protect foreigners. Nahas laid stress on his desire to prepare the way for "real friendship."

OTTAWA MAY CONTROL RADIO BROADCASTING

Ottawa.—Government control of all radio broadcasting in Canada looms as a strong possibility of the future. They have such a system in Great Britain and it may come to it here before long.

While there has been no official decision as yet, it is known that such a proposition is being considered by those who have to do with radio.

A great deal of trouble is being experienced owing to the fact that many people—a fast increasing number—want to be into the broadcasting, whereas the channels of communication are very limited. Much conflict arises and complaints are very numerous as to reception being spoiled and other disagreeable conditions existing.

In consequence of this, it is learned that some interest securing new licenses have been cautiously advised not to make extensive financial commitments lest, as a development of the near future, the whole broadcasting business be taken over by the state.

Heretofore, both in Canada and the States, control over radio has been by license, but the broadcasts have been privately-owned enterprises.

In Great Britain it is all done by the British Broadcasting Company, which is directly under the control of the British Government.

Although similar course here has not been decided upon, much is being said in favor of it and complaints regarding the present system tend strongly to encourage such a departure along the same lines as the British method. It is regarded as a strong possibility of the not distant future.

Trapper Found Dead In Northern Manitoba

Foul Play Not Suspected But Investigation Is Being Made

Nelson House, Man.—Word has been received here of the discovery of the body of John Lindbergh, 67 years old, in his cabin near Lake Trout, about six days journey from here. He left for the Northland last summer to establish a trapping line in the district.

Death is believed to have been due to natural causes.

The body was found by another trapper and his Indian companion who had decided on a visit to Lindbergh's cabin. They found several feet of snow piled against the entrance to the shack, with the door fastened from the inside.

Forcing the door open, the men found Lindbergh's body stretched on a bed. He was fully clothed. The cabin was in order and the body showed no signs of violence. A little wood was in the stove and there was plenty of food in store.

The last day scratched off the calendar was February 18.

Provincial police are investigating.

Violation Of Elections Act

Fifty-One Men Fined \$100 Each In Montreal

Montreal.—Found guilty of violating the municipal elections act, 51 men were fined \$100 each here, as an aftermath of the municipal elections.

Three women taken into custody suspected of having either "telegraphed" or attempted to "telegraph" votes were detained until the polls closed and then released.

This was the first official case wherein a woman was arrested on such a charge.

Of the 51 men found guilty, twenty were charged with impersonation at the polls, while the other thirty-one were charged with "attempting to telegraph" votes.

Had Lucky Escape

St. Catharines, Ont.—Although he fell thirty feet from the new bascule bridge being built across the Welland ship canal at St. Catharines, Ont., on his shoulder on the concrete floor after striking and being turned about by the girders, Elmer Green, an employee of the Hamilton Bridge Company, regained consciousness and will be able to be out of the hospital shortly.

William G. Heeley, formerly manager of the Marcus mine, Edmonton, arrived this week to assume the duties of inspector of mines in the East Crows' Nest district. This position was formerly held by Mr. John Crawford, now mines manager for the McGillivray Creek Coal and Coke Co. at Coleman.

We understand that Jack Giola's condition has considerably improved. Jack suffers from a weak heart, and fell into a fit of unconsciousness, in which he remained for eighteen hours, through disappointment, following advice from Calgary to the effect that his big prize cougar was an ordinary every-day gopher. Dr. Reinhorn hopes for a complete recovery of his patient.

The headquarters and local detachments of the A.P.P. honored Inspector Bavin, Mrs. Bavin and daughter by a farewell social given at the Elks' club on Saturday night on their leaving Lethbridge. Inspector Bavin, who is now stationed at Calgary, is in the city until Thursday, making preparations for his family moving out from their residence on Eighth Street South. The residence will be occupied by Mr. and Mrs. Ben Metcalfe.—Lethbridge Herald.

The Blaimore senior choir, winners at the festival just closed, will take part in the evening service at Bellevue United church on Sunday night.

A resident of the Carleton district planted potatoes on March 24th. Two years ago he planted some on March 30th and had new potatoes on the market by July 1st.

The Lethbridge Herald announced recently that a guy was fined \$50 for an innocent assault. Presumably if the assault had been anyway decent, he would have got off scot free.

Hotel accommodation was at a premium during the three days of the Festival, while restaurants also shared in the extra business brought to town by the throng from outside points attending this annual event, which is growing in quality, size and interest each year.

John E. Smith, old time resident of Coal Creek, sustained a fractured pelvis on Tuesday of this week while following his duties as fire boss in No. 2 mine, Coal Creek, being crushed between a car and post. He was rushed to the Fernie hospital where he is reported as being in a very serious condition. Mr. Smith was one of the original members of the Home Bank depositors' relief committee and was at one time president of District 18, U.M.W. of A.

Perfect diamonds in a range of sizes from \$10 to \$1000.
Cut-prices on diamonds and dollar bills
—are both equally impossible. You often hear of cut-prices on "diamonds"—but not on the kind of diamonds we sell. Our diamonds are all specially selected for quality, appraised by experts, and priced in strict conformity with value.
Here you will find a type of stone and style of setting to meet your particular desire, as a gift or for personal use. Our membership in the Green Watch Makers Guild doubly assures the value of your purchase.
